12 Bulls at Calgary Bull Sale, March 3

12 Bulls at Medicine Hat Bull Sale, March 16

78 Coming Two Year Old Bulls by Private Treaty

Big Group of Coming Yearling Bulls

Semen Of Our Top Herd Bulls

75 Bred Heifers

Welcome

To our Winter 2021-22 Bull & Heifer Offering

Our Family would like to welcome you to our 2021-2022 **Hereford** Offering Booklet.

As we come close to the end of this year, we reflect back on a year that was a bit on the challenging side for the ranching & farming community. 2021 proved to be one of the hottest years ever and with no moisture reserves grass growth was just about non-existent. The feed truck earned it's keep, we are fortunate to have sourced enough feed and hoping next year will be better to help pay for the investment. It showed us again how important a easy keeping cow and her feed efficiency is when things get tough.

All the Bulls & Heifers we are offering were tested for RFI in our GrowSafe Feed Efficiency Testing Facility. You will find 2/3 of these Bulls have an above average GrowSafe RFI EPD. If you are looking for lower Birthweight bulls, 1/3 of these Bulls we feel we can recommend to use on heifers.

We are a common sense and fact driven Hereford Ranch, keeping track of every measurable trait. As market Research shows, straight Hereford calves have been taking a bit of a hit at auction and as Breeders we believe we need to pay attention to our carcass quality and yield on the rail. After all that is what pays in the end. We have measured and selected for carcass by ultrasounding all Bulls & Heifers for close to 20 years now and we might be able to offer improvement. Secondly Lilybrook offers one of the largest RFI Feed Efficiency tested groups of Hereford Cattle in North America, remember Feed costs are the biggest factor in cost of Production.

We would like to take this opportunity to **Thank** all our **Customers** and **Friends** from the bottom of our hearts for your **support and business**, we really appreciate your friendship, it encourages us to keep going in the cattle world and to strive to produce a **better Hereford**.

Please remember we do stand behind our cattle and guarantee them in every respect.

In closing we would like to wish you all a very **Merry Christmas and a prosperous and Happy New Year.**

Lilybrook Herefords Inc.

Andy & Margaret Schuepbach with Ruth, Michelle and Daniel Please check out our website for more info and updates.

The **Canadian Hereford Association** is pleased to present this sale catalogue on behalf of **Lilybrook Herefords Inc.**

LBH is committed to raising the best Feed Efficient Herefords possible.

We have been promoting our Herefords as **Practical** and **Efficient**. We are committed to raising the most feed efficient cattle we possibly can. We collect, keep track and report any measurable trait and stress sound-footed cattle with good udders and fleshing ability.

In the fall of 2018 we took **Feed Efficiency testing** to a higher level and installed our own on Ranch GrowSafe feed intake testing facility. We are capable of testing 80 Bulls or 100 Heifers at a time and tested all our Bulls and Heifers for Residual Feed Intake.

Lilybrook's ongoing testing for RFI (Residual Feed Intake)

Over the years we have been taking part in the CHA's RFI research project and fall of 2018 we installed our own GrowSafe Feed testing facility here at the Ranch. Combined we have tested 967 bulls and 592 heifers so far.

We have chosen to show you the Results of testing by posting the Individual GrowSafe RFI EPD's provided to us by GrowSafe Systems. The EPD shows in **Red** the more efficient bulls, as in feed intake is less than expected. Looking at LBHR 38H he is more efficient at **-0.8060** then LBH 257H at **-0.3181** and he way outperformed LBH 155H at 0.1414.

We would like to invite you to look at the full RFI test results on our website. Please don't hesitate to contact us for answers and more info.

We are proud and confident in our cattle, we believe they are the right kind that shine in any condition and perform to the end. Please have a look at our Steer Closeout Data in the back of this catalog, we retain ownership on all steers to the end for a number of years now.
